1. Protection of Pupil Rights Act (PPRA)

MOUNTAIN HOME SCHOOL DISTRICT NO. 193 MOUNTAIN HOME, IDAHO 83647

POLICY

PROTECTION OF PUPIL RIGHTS ACT (PPRA), STUDENT PRIVACY, AND PARENTAL ACCESS TO INFORMATION

The Protection of Pupil Rights Act (PPRA) affords certain rights to parents and students eighteen (18) years of age or older (“eligible students”) with regard to the surveying of students if the survey is funded in whole or in part by a program of the U.S. Department of Education. Further, the PPRA addresses the collection and use of information from students for marketing purposes and certain non-emergency medical examinations. The PPRA governs the administration to students of a survey, analysis, or evaluation that concerns one ~~or of~~ more of the following eight areas:

1. Political affiliations or beliefs of the student or the student’s parent;
2. Mental or psychological problems of the student ~~or of~~ the student’s family’
3. Sex behavior or attitudes;
4. Illegal, anti-social, self-incrimination, or demeaning behavior;
5. Critical appraisals of other individuals with whom respondents have close family relationships;
6. Legally recognized privileged or analogous relationships, such as those of lawyers, physicians, and ministers;
7. Religious practices, affiliations, or beliefs of the student or student’s parent; or
8. Income (other than that required by law to determine eligibility for participation in a program or for receiving financial assistance under such program).

ANNUAL NOTIFICATION REQUIREMENTS

The PPRA requires that parents or eligible students be directly notified at least annually at the beginning of the school year, by direct mailing, e-mail, website, or etc., of their right to consent or opt out of the participation in certain school activities and the specific or approximate dates of each activity. Mountain Home School District (MHSD) will meet this requirement by direct mailing and publishing this notification on the school webpage.

RIGHT TO INSPECT

Parents or eligible students, upon request, have the right to inspect, prior to any administration or use: protected information surveys of students; instruments used to collect personal information from students for any of the above marketing, sales, or other distribution purposes; any instructional materials used in connection with any survey that concerns one or more of the protected areas; and any instructional material used as part of the educational curriculum for the district. This does not apply to academic tests or academic assessments.

RIGHT TO CONSENT OR OPT OUT

Parents or eligible students, upon completion of the Consent/Opt-Out for Specific Activities Form, have the right to opt-out of participating in events or activities involving the collection, disclosure, or use of personal information for marketing, sales, or distribution purposes; any non-emergency, invasive physical examination or screening (any physical examination or screening that is permitted or required by state law is permitted without parental notification) that is an attendance requirement, or administered by the school and scheduled by the school in advance, or not necessary to protect the immediate health and safety of the student, or of other students; the administration of any survey containing one or more of the eight protected areas of information listed above and that is not funded in whole or in part by Department funds. If the survey is funded in whole or in part by Department of Education funds, the district must obtain active consent, and may not use an opt-out form.

The requirements concerning activities involving the collection and disclosure of personal information from students for marketing purposes do not apply to the collection, disclosure, or use of personal information collected from students for the exclusive purpose of developing, evaluating, or providing educational products or services for or to students or educational institutions, such as the following:

1. College or other postsecondary education recruitment, or military recruitment;
2. Book clubs, magazines, and programs providing access to low-cost literary products;
3. Curriculum and instructional materials used by elementary schools and secondary schools;
4. Tests and assessments used by elementary schools and secondary schools to provide cognitive, evaluative, diagnostic, clinical, aptitude, or achievement information about students;
5. The sale by students of products or services to raise funds for school-related or education-related activities; and
6. Student recognition programs.

It is the policy of MHSD to assure the provisions of PPRA are adhered. To facilitate implementation of this policy, procedures have been established. These procedures are available to all patrons, students, and school district employees.

Mrs. Asbury requested permission to take five BPA students and Sarah Smith, another BPA advisor, to the BPA National Leadership Conference. Trustee Gridley voiced her concern of having two teachers absent from the same building to supervise only five students. Mrs. Asbury stated that for safety reasons having two advisors was preferable. Trustee Gridley asked if there would be enough substitutes to cover the absences. Trustee Gridley seconded it. Motion approved.

The students taking Driver Education have not fluctuated much over the years and the state reimbursement is not expected to increase.
