Discussion started about possible staff moves between buildings should East Elementary and North Elementary have excessive enrollment figures. Mrs. Acarregui explained that West Elementary parents were mailed a letter notifying them that because West didn't make AYP, parents had a choice of enrolling their student(s) into one of the other elementary schools in the district. This letter has caused some confusion and many rumors. She went on to explain that many parents thought they had to enroll in a different school; when in fact, parents could enroll their student(s) in West if they wanted. Mrs. Acarregui said that during registration, she explained that West made growth and that the only reason school choice was given was because West didn't hit the state required percentage. She went on to say this might cause larger than normal classroom sizes in East and North, therefore staff might have to move between buildings to adjust for the classroom size. She also mentioned that the district must transport those students to the

elementary of their choice.

Mr. McMurtrey stated that this was the same letter given to West's parents for the last four years; the only difference is that we physically mailed the letters this year.

Mr. Gilbert said that the district might have the parents bring their children to West to catch a bus that will take them to their school of choice and bring them back to West after school for parents to come and pick up their children.

Chairman Alexander asked about North Elementary Title I status. Mrs. Acarregui answered that she is still waiting to hear if North's school wide Title I application has been approved. She hopes this will be approved shortly.

- II. **ADJOURNMENT** – All business of the Board having been completed. Chairman Alexander called for a motion to adjourn. A motion from Trustee Murray to adjourn was seconded by Trustee Murray. Motion Carried. Meeting adjourned at 10:15 a.m.
