

STUDENT USE OF PERSONAL COMMUNICATION DEVICES POLICY

Mountain Home School District No, 193 recognizes the value and importance of electronic communication, online presence, and innovative technology tools to enhance the learning experience and work environment within the District. However, student use of personal electronic communication devices during school hours may interfere with or disrupt the educational process.

DEFINITIONS

“Personal Communication Device (PCD)” includes, but is not limited to, personal cell phones, tablets (e.g. iPads and similar devices), personal computers, laptops, iPods/MP3 players, electronic readers (e.g. Kindles and similar devices), and other similar devices or media players, without regard to the commercial name or manufacturer of the device, whether handheld, car models, laptop or other computer usage, or combinations of any of the above.

“Social media networks” include, but are not limited to, websites, web logs (blogs), wikis, social networks, online forums, virtual worlds, and any other social media generally available to the public that does not fall within the district’s technology network (e.g., Facebook, Twitter, LinkedIn, Flickr, YouTube, Instagram, Snapchat, blog sites, Wikipedia, etc.).

GENERAL PROVISIONS

Students may not use electronic/digital communication or entertainment devices (PCD) on school property and facilities, or at school-sponsored activities, regardless of location, to access and view Internet websites, including social media networks, that are otherwise blocked to students at school or to take part in any activity prohibited in the District’s Computer & Network Services Policy and Procedures without prior authorization from school administration.

A student may possess a cellular, digital, or electronic communication or entertainment device in school, on school property, and at school-sponsored activities, provided that during school hours and in school vehicles the device remains off (not just placed into private or silent mode) and stored out of sight or with prior approval from the building principal; with teacher approval; during an emergency situation involving the immediate health/safety of a student or other individual(s); Athletic and other Extracurricular activities and events.

Except as authorized by a teacher, administrator or IEP team, students are prohibited from using a PCD during the school day, including while off campus on a field trip, to capture, record and/or transmit audio or images (i.e. pictures/video) of any student, staff member or other person. Using a PCD to capture, record and/or transmit audio and/or pictures/video of an individual without proper consent is considered an invasion of privacy and is not permitted.

The use of PCDs with built-in cameras is prohibited at all times in any school situation where a reasonable expectation of personal privacy exists. These locations and circumstances include, but are not limited to, locker rooms, bathrooms, shower facilities, and other locations where students

or others may change clothes or be in any stage or degree of disrobing or changing clothes in which inappropriate or privacy violating images may be obtained. The Superintendent and building principals are authorized to determine other specific locations and situations where use of a PCD is absolutely prohibited.

In particular, students are prohibited from using PCDs to:

CONSEQUENCES FOR VIOLATION

Possession of PCDs by a student is a privilege, which may be forfeited by any student who fails to abide by the terms of this policy, or otherwise engages in misuse of this privilege.

Students who violate the privacy provisions of this policy and/or use a PCD to violate the privacy rights of another person may have their device confiscated and held until a parent/guardian picks it up, and may be directed to delete the audio and/or picture/video file while the parent/guardian is present. If the violation involves potentially illegal activity the confiscated device may be turned over to law enforcement.

For the first violation, the device will be confiscated until the end of the school day at which time the student may reclaim it from the building principal's office.

Subsequent violations of this policy will result in confiscation of the device for a period of time to be determined by the building principal. Devices confiscated on two (2) or more occasions must be reclaimed from the building principal's office by the student with his/her parent or guardian present.

The district will use reasonable care to safeguard confiscated devices by designating a locked storage area, but does not assume liability in the event such confiscated device is lost, stolen, or damaged.

Repeated violations of this policy may result in disciplinary action up to and including suspension. The building principal may also refer the matter to law enforcement if the violation involves an illegal activity.
